<p>2. Collapsed sewerage system The infrastructure in Faramerre Gardens appears to have collapsed in the following areas: - Stamvug Street, Lionsear Street and Flax Street. The residents in these streets are continuously having blocked sewerage problems which are unable to be repaired permanently.</p>	YES	
<p>3. Water pressure in the Benoni area The water pressure in the area is very poor. We have been told that the water infrastructure needs to be replaced, the water pressure has been turned down to prevent pipes bursting. Fire hydrants with too little pressure could become a problem during fire. Areas where there is a lot of people traffic get blocked toilets as the system is unable to fill up in between usage. This could develop into a disaster in terms of fire and a health hazard in terms of sewerage spills.</p>	YES
